**Reading and Reflection Material:** We will provide reading and reflection material on a weekly basis for all sessions as we kick-start the programme. Fellows should dedicate 30 minutes every week on reading material prior to the weekend sessions and 30 minutes on reflection activities after the weekend sessions. Solving and measuring for learning outcomes is important to us and our team of cheerleaders will support each Fellow along the way.

\*The afternoon sessions are scheduled to accommodate leaders joining from different parts of the world and their time zones.

\*By the end of our 10-week programme, Fellows will be mapped to their one-month part-time digital internships.

**Time commitment:** 75+ hours live sessions on weekends + 10 hours of reading/reflection activities + one-month part-time internship.

\*4 additional 1-1 capstone project sessions will be scheduled directly with each Fellow to provide support and help them to complete the project successfully.

\*If there is a tweak in any session timing on the weekends because of unforeseen circumstances, we will notify each Fellow as soon as possible.
